

# UltraSAFE Webinar

**UltraSAFE**  
*for ZERO formalin exposure  
in Operating Theatres*

Our UltraSAFE offers many unique advantages:

- Safety without change in current process with formalin buckets
- No exposure to formalin fumes with inbuilt extensive safety features and error proof operation
- Standardisation and control of fixation process
- Full specimen traceability
- Barcoded, tamper evident, leak proof and stackable buckets for all specimen sizes

9th  
September  
2020  
Time: 1PM
